## Riviera 77 Enclosed Flybridge

POA

### Description

The largest and most advanced Riviera ever built – the 77 Enclosed Flybridge – was built through collaboration between owners, the dedicated Riviera team of designers, engineers and master craftsmen.

“She truly is proof of just what Riviera can do – she is proof that Riviera is able to meet and exceed the high expectations of the most fastidious of owners.”

The new 77 Enclosed has a full range of premium options to complement her distinctive design, large forward windows offer panoramic 360-degree views from the saloon deck, while sweeping 10m x 0.5m safety glass feature panels are bonded to each side of her hull, providing a contemporary surface finish that visually link the stylish internal hull windows.
